Chess Structures A Grandmaster Guide Grandmaster

The author analyzes the most important possible pawn structures which can result from the different chess openings. For each of the structures he lists the plans for black and white and gives practical examples for both sides. Possible transformations from one structure into another one are also named as they can force the player to change the plan.

Comparisons to Pawn structure chess by Anderw Soltis seem inevitable so I will give mine here. Pawn Structure Chess is devoted to teaching how to use the pawn structure to maximize your own piece activity while minimizing that of your opponent. Various structures are examined in order to drive that idea home, with a primary focus on the transition between opening and middle games.
