How to Run a Good Workshop Scott Berkun

The word workshop implies that work will be done in a shop like atmosphere. This means the center of attention should be on the students doing work, not on the expert gloating in their own ego. A cooking workshop means students cook things. A writing workshop means students write things. If most of your workshop is people not actually making anything, you should perhaps call it a class, a lecture, or a mistake.

Spreadsheets A Dynamic Path to Understanding Math

J. C. Russell, in Spreadsheet Activities in Middle School Mathematics (NCTM, 1992), observed that a blank spreadsheet can be seen as a "student of the student," capable of being taught, as directed by the student. The act of teaching the computer to do something specific and meaningful with data helps a student clarify his or her own understanding of the problem.
